

Wonders of the Small - Exploring the Microbial World

Author : sathyabala

Microbiology Students Association of Pondicherry University organized its first National conference on “Wonders of the Small: Exploring the Microbial World” on 3-4 April, 2014.

The guests of honour lighting the traditional lamp to signify the inauguration of the event

Prof. (Mrs.) Chandra Krishnamurthy Vice-Chancellor, Pondicherry University, inaugurated the function, and in her inaugural address emphasized on the relevance of this topic in today’s world.

Dr. Ninawe delivered the presidential address, where he said that they have to explore the microbial world for the

betterment of the world and emphasised on the importance of microbiology in agriculture and environment. Prof. Thangam Meenan delivered the key note address and Prof. Anisa Basheer Khan presented the felicitation address.
